

TWO-YEAR PLANS (Fall 1999 Through Spring 2002 Catalogs)

The following 2-year (4-semester) plans are recommended for students who enter the Communication Studies major with advanced sophomore or junior standing (45-75 credit hours), and are following *Fall 1999 through Spring 2002 catalogs*. These 2-year plans may include courses you have already completed. If so, simply follow the part of the plan that includes the remainder of the courses. These plans address only classes in Communication Studies. You may need additional Liberal Education Requirement classes, upper-division classes, or other required classes in areas outside your Communication Studies major. You also may want to pursue additional classes in Communication Studies, such as an internship or a second concentration, or a minor in a related field of study. A current KAPS report will indicate your progress in completing all Kent State University requirements.
