A hit man for Mossad is given the mission to track down the very old Alfred Himmelman, an ex Nazi officer, who might be still alive.

Pretending to be a tourist guide he befriends his grandson Axel, in Israel to visit his sister. He wants to convince her to come back to Germany for their Fathers birthday party.

Time Of Favor is a taut thriller about the tense relationship between the orthodox nationalists and the military.

Both a politico-psychological drama and a love story between a passionate woman and two best friends, Time Of Favor raises important questions of faith to one's religion, duty to one's nation, and love for oneself.
