Education

B.A., Psychology, 2008
Political Science Minor
Purdue University, West Lafayette, IN

Research Experience

- | | |
|--------------|---|
| Fall, 2009 | Research investigating overlearning and final test format. Supervised by Dr. Rawson. |
| Fall, 2009 | Research investigating overlearning and how it affects recall for both easy and difficult items. Supervised by Dr. Rawson. |
| Fall, 2008 | Research related to the testing effect and participant-response feedback; investigating whether the testing effect can be explained via restudy of recalled items. Supervised by Dr. Karpicke at Purdue University. |
| Spring, 2008 | Research on the potentiation effect of memory and how repeatedly testing memory can enhance subsequent study sessions. Supervised by Dr. Karpicke at Purdue University. |
| Fall, 2007 | Research project related to material appropriate processing and the effects on long-term retention. Supervised by Dr. Karpicke at Purdue University. |
| Spring, 2006 | Clinical research supervised by Dr. Rollock involving the effects of different ADHD medications and how they affect attention during cognitive tasks. |
